

Baitmasters select ballyhoo come vacuum packed and packed in boxed styrofoam cooler with dry ice. Guests have the bait delivered to their door and keep in freezer till the day they fly here. The bait always arrives still frozen and perfect. The baits are beautiful, firm and fresh.

Around here, you'll pick up Sailfish, Marlin, Roosterfish, Dorado, Wahoo and twice so far, even large Tarpon on these ballyhoo.

I use strip baits made from Bonito fillets quite often when no ballyhoo, they work well, however there is no comparison. The select ballyhoo are certain fish finders.

Select Ballyhoo
